Subject: Mandatory ISS Withdrawals

Notice Text: Pursuant to General Terms and Conditions ("GT&C") Section 5.13 [9] of Texas Gas Transmission, LLC's ("Texas Gas") FERC NGA Gas Tariff, Texas Gas is requiring customers to withdraw gas from storage up to its contract MDWQ within 24 hours of this notice. This withdrawal requirement is necessary for Texas Gas to meet its firm service. Rate Schedule ISS's MDWQ at the time of this posting is the withdrawal schedule that is required to alleviate this constraint. Any amendments to reduce MDWQ subsequent to this notice posting will not change the withdrawal schedule required by customers until this constraint is alleviated and this posting is terminated. No transfers to Rate Schedule ISS contracts will be permitted, but transfers from Rate Schedule ISS to Rate Schedule FSS will be permitted.

If customers do not adhere to this withdrawal requirement, Texas Gas may elect to issue an Operational Flow Order, pursuant to GT&C Section 6.18, to protect firm service and its system.
