Updated end date

Below normal temperatures are expected to move across the Texas Gas service area over the next few days. While it is fully expected that all primary firm service obligations will be met, the following services/activities will not be supported until further notice:

Imbalance Payback from Transportation Service Provider
PAL-Loan
ISS Withdrawal
FSS Overrun Withdrawal
PAL-Park Withdrawal

Texas Gas will be monitoring receipt points for underperformance and delivery points for overtakes. Texas Gas anticipates taking action as necessary to protect the integrity of the pipeline system. A notice update will be provided when these activities can resume.

Additionally, Texas Gas is requesting all shippers take deliveries within their contractual hourly rights so that receipts and Deliveries match their associated scheduled quantities.

If shippers do not voluntarily comply with these provisions, Texas Gas may be forced to issue an Operational Flow Order, which could result in penalties for shippers.

If you have any questions, please contact your customer service representative.
