Subject: Force Majeure and Implementation of System Management Plan

Notice Text: Pursuant to Section 6.21.5 of the currently effective Gulf South Pipeline Company, LLC ("Gulf South") FERC NGA Gas Tariff, a force majeure event is declared for Location 24329 - STRATTON RIDGE (TO FREEPORT LNG) located in Area 25 effective immediately on March 24, 2025. A force majeure event occurred at this location when it was struck by lightning and, as a result, Gulf South is unable to deliver gas.

Due to this force majeure event at Location 24329 - STRATTON RIDGE (TO FREEPORT LNG) located in Area 25, Gulf South is unable to flow quantities at Location 24329. Gulf South is implementing the System Management Plan, pursuant to Section 6.18[5] of Gulf South's FERC NGA Gas Tariff. To protect the operational integrity of the pipeline, Gulf South is unable to provide at least four (4) hours' notice prior to the effective time of this notice.

Effective March 24, 2025, 09:00 AM, scheduled quantities at Location 24329 will be reduced to 250,000 dth/d and nominations will be balanced for all affected customers and such customers must conform receipts and deliveries to these quantities. As a result of this force majeure event, Gulf South will continue to confirm nominations to 250,000 dth/d at this location in subsequent nomination cycles until further notice.

Gulf South is working to resolve the issues and restore service. Gulf South will update this posting when restoration is complete.

If you have any questions, please contact your customer service representative.
